## AFROFURN® PENDANTS

*Pendants are the most prominent form of lighting. Downlighters are an easy substitute for elegant lighting and a much cheaper form. But if you wish to create warmth in your home, a pendant does it all. A silky sheen of light embodying your space or high lighting an adjacent area will captivate an audience. You will never invest in a more enhancing feature no matter where it is placed- kitchen, dining room, lounge, hallway, or outside patio. It will make your house a home, an entertainment area a treat and fill you with abundant pride.*
